Workplace Safety & Health Awards 2018- Public Briefing

23 January 2018, 2-5pm
Date: 29 and 30 August 2018

Venue: Suntec City

For enquiries, please email to: contact@wshc.sg
WSH Awards 2018

CELEBRATING THE BEST
2017
RECIPIENTS OF WORKPLACE SAFETY AND HEALTH AWARDS

shine
SAFETY + HEALTH INVOLVES EVERYONE

DECEMBER 2017

XXI WORLD CONGRESS ON SAFETY AND HEALTH AT WORK 2017
05 WORKPLACE SAFETY AND HEALTH (WSH) AWARDS
07 LAUNCH OF THE DRIVE SAFE, WORK SAFE CAMPAIGN
WSH Awards 2018

AWARD CATEGORIES:

1. Workplace Safety & Health Performance Awards
2. Safety and Health Award Recognition for Projects (SHARP)
3. Workplace Safety and Health Developer Awards
4. Workplace Safety & Health Innovation Awards
5. Workplace Safety and Health Officer Awards
6. Workplace Safety & Health Awards for Supervisors

* Opening date 9 January 2018
* Closing Date: 2 April 2018 (No extension)

*Companies are strongly encouraged to sign up for the WSH bulletin at www.wshc.sg to receive updates for WSH Awards and other WSH-related matters.*
# Summary of Key Changes

<table>
<thead>
<tr>
<th>Category</th>
<th>Changes in Criteria in 2017</th>
<th>Key changes in 2018</th>
</tr>
</thead>
</table>
| Performance, SHARP, RM and Developer | i) The result from the Evidence-Based Assessment will remain as an evaluation criterion.  
ii) Minimum entry criteria for CultureSAFE index: 1.6  
iii) Revised X Factors Checklist- CultureSAFE related questions will be removed. | i) Online submission  
i) Revised X Factors Checklist- Additional question on Near Misses |
## CultureSAFE Evidence-Based Assessment: Eligibility

</tbody>
</table>
INTRODUCTION

WSHPA recognises companies or organizations that have performed well in safety and health through the implementation of sound safety and health management systems.

For joint ventures, the joint venture must be around for at least 3 years with at least 3 ongoing projects which meet all the criteria.
1. Workplace Safety & Health Performance Awards (WSHPA)

CRITERIA- Lagging Indicators

a) Accident Record: Did not have any accident (including occupational disease) that had caused death or permanent disablement, or that is classified as Dangerous Occurrence, in 2017/2018

b) Did not receive any stop work order in 2017/2018

c) Had an injury rate below 50% of industry organisation's injury rate*

<table>
<thead>
<tr>
<th>Industry</th>
<th>Organisation’s Injury Rate in 2016</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 Construction</td>
<td>234</td>
</tr>
<tr>
<td>2 Marine</td>
<td>332</td>
</tr>
<tr>
<td>3 Manufacturing</td>
<td>207</td>
</tr>
<tr>
<td>4 Other sectors</td>
<td>158</td>
</tr>
</tbody>
</table>

*Please note the figures are based on a 50% reduction in injury rates of 2016 and it is solely for reference purposes.
1. Workplace Safety & Health Performance Awards (WSHPA)

d) Lagging Indicators - Reportable accident record:

Scenario 1: Company did not have any reportable accident during its operation for the whole year of 2017 for all projects.

OR, Scenario 2: the workplace began its operation within 2017 and achieved 1,500,000 man-hours worked without any accident in 2017 (man-hours worked without any accident in 2018 will not be taken into account).

OR, Scenario 3: the workplace had attained at least 1,500,000 man-hours worked without any accident in 2016 and 2017, with at least 750,000 man-hours attained in 2017 (this criteria is also applicable to any workplaces that ended its operation within 2017).
Scenario 1)

No Reportable Accident

Jan 2017

Eligible

Dec 2017

Scenario 2)

Achieved at least 1,500,000 man-hours worked without any accident

Jan 2017

1 Reportable accident on 15 March

Eligible

Dec 2017

1 Reportable accident on 15 Oct

Scenario 2: Companies can apply if they meet 1.5 million man hours from 16 March to 14 Oct 2017.
Scenario 3)

Achieved at least 750,000 man-hours worked without any accident

Must achieved at least 750,000 man-hours worked without any accident

June 2016 Jan 2017 Dec 2017

Eligible

1 Reportable accident on 15 May

Companies can use previous year record from 1 June 2016 to 31 Dec 2016 but must achieve at least 750,000 man hours in 1 Jan 2017 to 14 May 2017.
**Table 2: Best Accident-Free Performance of the organisation** (Do not fill this table if there is no reportable accident in the organisation in 2017). If there is at least one accident in the project in 2017, you may back date the accident-free period to start in 2016. At least 750,000 man-hours of the minimum 1,500,000 man-hours eligibility criteria must be attained within 2016.

<table>
<thead>
<tr>

<td>[ ]</td>
</tr>
</tbody>
</table>
1. Workplace Safety & Health Performance Awards (WSHPA)

e) Loss time injury – Bonus Criteria

Track records of loss time injury will be taken into consideration as bonus criteria

Definition of loss time injury

• Any work-related injury where the worker does not return to work the following workday

• Exclusion example:
  – Worker was injured on Day 1
  – He was given time off on Day 1
  – He returned to work on Day 2
1. Workplace Safety & Health Performance Awards (WSHPA)

CRITERIA- Leading Indicators

a) Completed the X-factor checklist and

b) CultureSAFE Perception survey and Evidence-Based Assessment (Step 1a and 1b of CultureSAFE cycle) and

c) Obtain a CultureSAFE index of at least 1.6

Companies who have completed the Perception Survey in 2016 will be required to do both Step 1a and 1b of CultureSAFE cycle for 2018 application.

Companies who have completed the Evidence Based Assessment in 2017 does not require to do Step 1a and 1b of CultureSAFE cycle for 2018 application.
1. Workplace Safety & Health Performance Awards (WSHPA)

c) Completed the ConSASS/OSHMS Checklist with minimum of achieving a Band III score in at least 70% of all elements in the checklist.

• Should a company intend to indicate ‘not-applicable” in certain elements within the checklist, evidence must be provided to prove that the item is indeed “not applicable” for the company.

• If the workplace attains a score of 70% or more from the self-scoring of the checklist, companies can consider contacting one of the organizations which provide auditing services to evaluate their application.

• Please note that all application are to use the enhanced ConSASS/OSHMS checklist.
• Please note that achieving a Band III score in at least 70% of all elements in the checklist is the **minimum criteria**, in the process of evaluation, the organiser will review all the scores from Band I to Band IV.

• Therefore, companies are strongly encouraged to attempt all the elements in Band IV in order to achieve a higher overall score.

• **Note:** companies must use the checklist to audit the company’s corporate-wide system and auditors must check the key work functions of the company, e.g. the corporate office of a company conducting off-shore work is not acceptable and will have to be re-audited
1. Workplace Safety & Health Performance Awards (WSHPA)

For Band I - 2.1.1 in ConSASS/OSHMS Checklist, Auditors are encouraged to look into:

- The RA of core activities, and not just low risk activities, of their occupiers.

- The upstream risk assessment approaches, such approaches should look at the elimination and substitution stages, and not just about PPE and admin controls.
For Band II - 2.1.3, Auditors are encouraged to look into:

- RA for human risk factors.

- Companies can refer to the Guide to Total WSH for guidance on taking into account of individual health risk factors when doing risk assessment. E.g. examples of individual health risk factors and a sample RA for cashier duties.

- The Guide also provided an example using diabetes employees to illustration the steps that could be taken early for these employees to mitigate health risks at work.

<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
<td>NA</td>
<td></td>
</tr>
</tbody>
</table>

**Final Score:** 1/2
1. Workplace Safety & Health Performance Awards (WSHPA)

- Construction companies or worksites need not engage an organization providing auditing services if they pass Band III in all the elements for ConSASS from October 2017 onwards.

- Their ConSASS scores must be awarded by an organization providing Workplace Safety And Health auditing services acceptable to the Occupational Safety And Health Division.

- bizSAFE Exemplary and Partner Awards to be an alternative pathway for WSH Performance Awards:

  Applicants who did well in bizSAFE Exemplary awards for 3 consecutive years will be recommended to apply for the Performance Awards.
Review of auditors’ performance

• Spot checks will still be done on at least one audit form from each auditor in the WSH Awards 2018. These checks will continue to be performed yearly over various selection criteria.

• Auditors found to have done a poor job in the audit will not be selected for WSH Awards 2018, and companies may be required to re-do the audit.

• We may also include other relevant criteria to determine the quality of auditors if deemed required before the official application of WSH Awards 2018.

• Auditors with poor track records/pending investigation will not be selected for WSH Awards 2018 even if they have attended the briefing.
General findings of audits’ quality from WSH Awards

- Marks were awarded although there were
  - Unclear/insufficient evidence provided and/or
  - Irrelevant evidence provided

- Auditors did not interview the minimum number of personnel for evidence, reports not attached

- Auditor refers to the same document repeatedly to support most band II, III and IV questions.

Mean Score in each band: 98.5 86.6 84.7 56.4
2. Safety and Health Award Recognition for Projects (SHARP)

INTRODUCTION

The SHARP Award recognizes projects or worksites that have good safety and health performance and workplace safety and health management systems. This includes large-scale projects that mobilise significant manpower and have shown their ability to manage WSH on a project-level. Examples of winners of this award would be shipyards’ projects, construction worksites and large workplaces within an organization.

Workshops and term contracts do not qualify as a large project and therefore encouraged to go for a company-level Performance award.
3. Safety and Health Award Recognition for Projects (SHARP)

CRITERIA

a) Same requirement as WSHPA. Each individual project should have its own ConSASS/OSHMS scores as well as CultureSAFE index

b) Obtain a CultureSAFE index of at least 1.6

Companies who have completed the Perception Survey in 2016 will be required to do both Step 1a and 1b of CultureSAFE cycle for 2018 application.

Companies who have completed the Evidence Based Assessment in 2017 does not require to do Step 1a and 1b of CultureSAFE cycle for 2018 application.

c) Project with 400,000 manhours or more
3. Safety and Health Award Recognition for Projects (SHARP): Project manhours

**Scenario 1)**

- Eligible
- No Reportable Accident
- Jan 2017 to Dec 2017
- Duration of entire project: 400,000 man hours

**Scenario 2)**

- Eligible
- 1 Reportable accident on 15 March
- Jan 2017 to Dec 2017
- Duration of entire project: 400,000 man hours
- 1 Reportable accident on 15 Oct
2. Safety and Health Award Recognition for Projects (SHARP)

CRITERIA

c) Project attains injury rate equal or below 25% of its project injury rate

d) Organisation attains injury rate equal or below 50% of industry organisation's injury rate*

<table>
<thead>
<tr>
<th>Industry</th>
<th>Organisation’s Injury Rate in 2016</th>
<th>Project’s Injury Rate in 2016</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 Construction</td>
<td>234</td>
<td>59</td>
</tr>
<tr>
<td>2 Marine</td>
<td>332</td>
<td>83</td>
</tr>
<tr>
<td>3 Manufacturing</td>
<td>207</td>
<td>52</td>
</tr>
<tr>
<td>4 Other sectors</td>
<td>158</td>
<td>40</td>
</tr>
</tbody>
</table>

*Please note the figures are based on a 50% reduction in injury rates of 2016 and it is solely for reference purposes.
2. Safety and Health Award Recognition for Projects (SHARP)

Multiple projects within an organisation

- For multiple projects within an organisation, scores for the documentation element can be the same but physical compliance and interview with staff should not have the same scores as factors such as number of staffs varied across projects.

- Each auditor is only allowed to audit up to 3 projects from the same organisation.
Difference between WSHPA and SHARP

- Application for WSHPA covers the whole organization, i.e. all the projects, worksites, etc whilst application for SHARP covers a single project, worksite, etc, managed by the organization.

- An organization can apply for WSHPA covering all its projects or worksites and also for SHARP for a particular project.

- The project, worksite or workplace submitted for this award must not be a combination of various projects, worksites or workplaces of an organization.
Difference between WSHPA and SHARP

Parent company (UEN)

- Subsidiary
  (Different workplace no)
- Separate plant
  (Different workplace no)
- Separate project sites
  (Different workplace no)

1 ACRA number, 1 Performance
ACRA Number (aka UEN) - 9 digits or 10 digits + a alphabet

1 workplace number, 1 SHARP (Except for Shipyard)
Workplace number- UEN + 4 digit 123456789D1234
2. Safety and Health Award Recognition for Projects (SHARP)

Special note on auditing organisation

Please note that the same auditing organization can only provide audit service for a company up to 2 consecutive years. Another auditing organisation must be appointed for the 3rd year. This will commence from WSH Awards 2013, i.e. companies will need to re-appoint a new auditing organisation from 2015.
3. Workplace Safety and Health Developer Awards

INTRODUCTION

This award recognizes developers who play an active role in ensuring good workplace safety and health practices among their contractors.
3. Workplace Safety and Health Developer Awards

CRITERIA FOR WSH DEVELOPER/OWNER AWARD

a) No fatal accident in all projects in 2017 up to time of award in 2018

b) At least 3 entries win the WSHPA or SHARP in 2018. For developers with fewer than 3 entries, at least 2 entries must win the WSHPA or SHARP award for 2 consecutive years

c) Demonstrates commitment to WSH in managing projects (for e.g. Safety Policy and Safety Organization)

d) Demonstrates a robust Contractors Safety Management (CSM) system and highlighting safety outcomes of contractors, and
3. Workplace Safety and Health Developer Awards

CRITERIA FOR WSH DEVELOPER/OWNER AWARD

e) Demonstrates that the projects have adopted the concept of design for safety in any Safety Management Programme.

For the guidelines on design for safety concept, please refer to the Workplace Safety and Health Council website.

Please note that elements of Dfs will be included in WSH Developer Awards 2019.
3. Workplace Safety and Health Developer Awards

CRITERIA FOR WSH DEVELOPER/OWNER AWARD

f) Completed the X-factor checklist and

g) CultureSAFE Perception survey and Evidence-Based Assessment (Step 1a and 1b of CultureSAFE cycle) and

h) Obtain a CultureSAFE index of at least 1.6

Companies who have completed the Perception Survey in 2016 will be required to do both Step 1a and 1b of CultureSAFE cycle for 2018 application.

Companies who have completed the Evidence Based Assessment in 2017 does not require to do Step 1a and 1b of CultureSAFE cycle for 2018 application.
INTRODUCTION

The Workplace Safety & Health Innovation Award recognises companies for their commitment and efforts in eliminating or controlling workplace safety and health (WSH) hazards as well as innovative solutions which improve safety and health outcomes. Award winners will share their WSH practices and control solutions in our efforts to promote WSH excellence in all workplaces.
4. Workplace Safety & Health Innovation Awards

CRITERIA

a) WSH solutions and practices for hazards such as chemicals, noise, work at height, ergonomics, etc.
   - Applicants must submit effective Risk Control Measures which do not create or lead to new risks that are not well managed.
   - Applicants who can show a solution that eliminate the risks and can potentially be translated industry-wide will gain more points.

b) Project led by teams comprising employees

c) Creativity and innovativeness of the control solutions

d) Eliminate or effectively control the hazard and / or significantly reduce the risk

e) Should not infringe any copyright and / or patent law.
4. Workplace Safety & Health Innovation Awards

f) The control solution have been implemented for at least six months. No reportable solution-related accident/incident in the workplace following implementation of the control solution.

g) No stop work order, remedial order, composition fine or prosecution for control solution related contraventions in the preceding one year at the time of application.

h) Control solutions may be in the form of engineering measures or implementation of safety systems that eliminate or effectively control the hazard and/or significantly reduce the risk.
4. Workplace Safety & Health Innovation Awards

ADMINISTRATION

- All applications will be evaluated by the five organisations below
- Please submit your application to the correct organization according to your industry

<table>
<thead>
<tr>
<th>Industry</th>
<th>Submit application to</th>
</tr>
</thead>
<tbody>
<tr>
<td>Construction</td>
<td>Singapore Contractors Association Ltd (SCAL)</td>

<td>Workplace Safety and Health Council (WSHC)</td>
</tr>
</tbody>
</table>
4. Workplace Safety & Health Innovation Awards

- A judging convention will be held for each category for selected teams to present their projects to a panel of judges
- Maximum of 3 winning teams in each category will receive the WSH Innovation Awards at national level
5. Workplace Safety and Health Officer Awards

INTRODUCTION

This award recognises exemplary performance and valuable contributions by registered WSHOs in cultivating safe and healthy workplaces in Singapore.

The applicant will be assessed on the safety and health performance of the organization he or she helped to achieve.

His or her contribution to the community also plays an important part in considering whether the applicant receives the award.
5. Workplace Safety and Health Officer Awards

Criteria

a) A registered and practicing WSHO
b) Worked in the organization as a WSHO for at least two years
c) Played a key role in developing and executing WSH and/or risk management programmes to improve the organization’s WSH practices and standards
d) Organisation met the following criteria in 2017:
   - No fatal accident
   - No permanent disability
   - No dangerous occurrence
   - No stop work order
   - No investigation, conviction or prosecution (including pending) of the workplace with regard to matters concerning the workplace under the Workplace Safety and Health Act or Work Injury Compensation Act or any other governmental regulations.
5. Workplace Safety and Health Officer Awards

e) Organization is a WSHPA or SHARP winner for 3 years or more consecutively.

f) Hall of Fame – for WSHO that has achieved WSHO Award for 4\textsuperscript{th} year consecutively.

g) Contributed to the industry in at least one of the following ways: (subjected to verifications and endorsement of the company/organization):
   – Presented papers in WSH seminars.
   – Helped other organizations to develop or improve on WSH.
   – Wrote WSH research papers, articles, books, etc.
   – Active member in national WSH campaign committees.
   – Served at least 2 terms as a member of working committees such as ASMI, SCAL, SISO.
   – Served in technical committees or work groups in developing WSH codes or standards in organizations like SPRING and WSH Council.
5. Workplace Safety and Health Officer Awards

- All WSHO Award applicants should submit two 200-word write-ups with examples of how they have managed to improve WSH practices in (a) the workplace and (b) in the industry.

- Similar to WSH Awards 2017, Applicants are to submit their application forms to SISO for evaluation.

- Shortlisted applicants will be asked to present their portfolios to a panel of judges comprising of MOM, WSHC & SISO.
6. Workplace Safety & Health Awards for Supervisors

INTRODUCTION

This award recognises supervisors who take care of workers under their charge by improving the safety and health performance in their workplaces.
6. Workplace Safety & Health Awards for Supervisors

CRITERIA

a) Supervisors eligible for the Awards must be in charge of at least 5 workers
b) All of the workers supervised did not have an accident in the year 2017 and 2018 (till time of Award)
c) Worked at least 2 years in the organization as a supervisor
d) Attended at least one WSH course at the supervisor level
e) Active in WSH programmes / committees / Innovation Teams.
f) Preferably, winner of the organization’s WSH recognition programme for supervisors
g) Any other evidence of the applicant’s ability and commitment to the safety and health of supervised workers
6. Workplace Safety & Health Awards for Supervisors

**BONUS CRITERIA**

a) Applicant came from a workplace which has met the following criteria:
   - No fatal accident
   - No permanent disability
   - No dangerous occurrence
   - No stop work order
   - No investigation, conviction or prosecution (including pending) of the workplace with regards to matters concerning the workplace under the Workplace Safety and Health Act or Work Injury Compensation Act or any other governmental regulations.

b) Applicant’s organization is a WSHPA or SHARP winner
6. Workplace Safety & Health Awards for Supervisors

ADMINISTRATION

- All applications will be evaluated by the four organisations below. Please submit your application to the correct organization according to your industry.

<table>

6. Workplace Safety & Health Awards for Supervisors

- An interview session to a panel of judges will be held for each category.

- Maximum of 3 supervisors in each category will receive the WSH Awards for Supervisors at national level.
Other areas to be considered

• Other violations such as compound fines, reporting violations, demerit points will also be evaluated.

• Ongoing investigations for any WSH-related matters

• Incidents which involved in high profile accidents that will cast doubt on the company’s safety performance will also be considered during evaluation.
Other areas to be considered

• Number of MC days for reportable incidents
  – There will be no further changes allowed for MC days for incidents that have been reported and if time has exceeded beyond 10 days since the incident has happened.

• For instance, if worker had taken 4 days of MC and reported as such, the company cannot amend the record to 2 days of MC and 2 days of light duty if the incident has occurred more than 10 days ago.

• All incidents as per MOM’s iReport will be taken as correct and no changes can be made, following the close of the application in April 2018. If companies believe that there could be errors, changes are expected to be made in April 2018.

• Companies must also remind their subcons to make the correct report and amendments before the closure of Awards 2018.
Accident reporting: Accumulative MC days

- Current definition for reportable accidents: *the person was granted more than 3 consecutive days of sick leave by a registered medical practitioner for that injury.*

- Clearer definition: ‘Accumulative MC days’ method would be adopted
  - Example: 2 days of MC + 9 Day of light duties, after an interval revisit the doctor and granted another 2 days of MC (for the same injury).
  - In the case above, the total number of MC days will be considered as 2+2 days=4 days of MC, which constitute as a reportable accident.
Online Submission

Please submit the application online and the support evidences in softcopy (DVD or Thumb drive) to WSHC personally.

Unsuccessful applications

• All will be notified of Awards application outcome.
• Winners to be notified through email with follow-up actions to be taken.
• Applications that fail to win an Award will also be notified.
• Commendation winners for all categories- A commendation letter will be sent to all applicants who have initially met the minimum qualifying criteria, but may not have won an award after checking through audit scores.

Appeals

• There will be no appeals. Applicants have to ensure that all submitted documents are correct at the point of submission.

Awards and Competition

Workplace Safety and Health (WSH) Awards 2018

The annual Workplace Safety and Health (WSH) Awards recognise organisations and individuals who have contributed to achieving excellence in workplace safety and health.

Presented by the Workplace Safety and Health (WSH) Council and supported by the Ministry of Manpower, the national awards include various categories to recognise supervisors, WSH officers and companies with innovative WSH solutions and excellent WSH performance.

The WSH Awards 2018 categories include:
1. WSH Performance Awards
2. WSH Developer Awards
Please click here to submit the application form online or download the application form here.

WSH Performance Awards
The WSH Performance Award recognises companies or organisations that have performed well in safety and health through the implementation of sound safety and health management systems. This Award is open to all industries and companies.

Applicants are required to complete both the CultureSAFE perception survey and the Evidence-based assessment (step 1 of the CultureSAFE cycle). The result from the Evidence-Based Assessment will be used as an evaluation criterion. Applicants must achieve an index of 1.6 and above to apply for WSH Awards 2018.

Please click here to submit the application form online or download the application form here.

Safety and Health Award Recognition for Projects (SHARP)
The SHARP Award recognises projects or worksites that have good safety and health performance and workplace safety and health management systems. This includes large-scale projects that mobilise significant manpower and have shown their ability to manage WSH on a project-level.

Examples of award recipients include shipyards’ projects, construction worksites and large workplaces within an organisation.

Applicants are required to complete both the CultureSAFE perception survey and the Evidence-based assessment (step 1 of the CultureSAFE cycle). The result from the Evidence-Based Assessment will be used as an evaluation criterion. Applicants must achieve an index of 1.6 and above to apply for WSH Awards 2018.
